

Student Conference 2018

Building Sustainable Cities & Communities

23 - 24 November 2018
at Warwick University

The WES Student Conference supports young women to progress in engineering and allied sectors by providing access to employer perspectives, development opportunities and networking. An annual two-day event, it brings together students, academics and early-mid career engineers & colleagues to explore pathways to technical leadership.

- Highlight your commitment to raising the bar on diversity in engineering
- Demonstrate your organisation's best practice and network with other organisations in the engineering community
- Meet over 130 predominantly female undergraduate students studying a broad and diverse range of courses relating to engineering and allied disciplines
